

WITH

Welcome to Diesel Living with Berti

WITH
 **BERTI**

From the unique Diesel Living style and the know-how 'signed' by Berti comes a new partnership. The result of research and innovation in the transformation and treatment of materials applied to a collection of wooden floors, where several formats and finishings transform every room into a 100% Diesel space.

Dall'inconfondibile stile Diesel Living e dal know how "firmato" Berti nasce una nuova partnership. Frutto della ricerca e innovazione nella trasformazione e trattamento dei materiali applicata a una collezione di pavimenti in legno, dove vari formati e finiture trasformano ogni ambiente in uno spazio 100% Diesel.

COLLECTION

The new Diesel Living with Berti products, Black star, Kaleidostone and Dark Shade, suitable as floor and wall coverings, are the unique and innovative result of the fusion of various state-of-the-art technologies. The graphics are digitally printed; non-toxic, non-flammable and odourless colors are natural products with water-based formulations and solid micro-pigments.

I nuovi prodotti Diesel Living with Berti, Black star, Kaleidostone e Dark Shade, adatti come pavimenti e come rivestimenti, sono il risultato unico e innovativo della fusione di diverse tecnologie di ultima generazione. Le grafiche sono realizzate con la stampa digitale; colori atossici, non infiammabili e inodori sono prodotti naturali, con formulazioni a base d'acqua e micro pigmenti solidi.

STUD TILES

COLLECTION

Stud Tiles gathers our luxury proposal. Wooden stud tiles characterised by geometric inlays that recall typical Denim studs and rivets. An exclusive piece from our high-end collection, which gives a rock interpretation to classical decorations.

Stud Tiles raggruppa la nostra offerta luxury. Quadrotte in legno caratterizzate da intarsi geometrici che richiamano borchie e rivetti tipici del Denim. Un pezzo esclusivo della nostra collezione di gamma alta, che interpreta decori classici in versione rock.

TRUE COLORS

COLLECTION

Working on the perfect chromatisms is a must for Diesel: indigo, the typical denim colour, paints these wide planks in a natural way, living the wood veins visible. We also developed other colours which were designed and conceived as a basic underlayer through an in-depth study of the chromatic factor. The nuances developed are rich, as the black enriched with a trace of blue, reveal a clear signature expression, showing a colour that is never flat.

Sviluppare cromatismi unici è un must per Diesel: l'indigo, per eccellenza, colore tipico del Denim, che tinge queste tavole in modo naturale lasciando ben visibili le venature del legno. Ma anche gli altri colori, ideati e pensati quali substrati basici tramite un approfondito studio del fattore cromatico. Così, le nuances prescelte, al pari del nero ricco di una punta di blu, rivelano una chiara cifra espressiva, mostrando una tinta sempre viva e mai piatta, come nel tessuto.

Colors and tonalities of the images are considered as merely indicative.

URBAN GREY

COLLECTION

Grey, the industrial colour par excellence, is a strong base for interiors as it is also the concrete's colour, expressive material on contemporary living spaces. It is through this set of greys that we give an interpretation of concrete, working its details in the chromatic shades and in the treatments, with refined aesthetic results.

Il grigio, colore industriale per eccellenza, è il colore anche del cemento, espressione di modernità e del vivere contemporaneo. È con questa serie di grigi che offriamo una interpretazione di tale materiale, lavorandone i dettagli nelle sfumature cromatiche e nei processi di trattamento. Con raffinati esiti estetici sul legno delle pavimentazioni.

SPECIALS

COLLECTION

A contemporary look but interpreted in a geometric composition with a classical matrix. A "chiaroscuro" effect of immediate plastic perception, thanks to the play of light and shadow that create a three-dimensional shading.

Un look contemporaneo ma interpretato in una composizione geometrica di matrice classica. Un effetto chiaroscurale di immediata percezione plastica, grazie al gioco di luci e ombre che creano una ombreggiatura tridimensionale.

Colors and tonalities of the images are considered as merely indicative.

TREATED CANVAS

COLLECTION

We treat wood like a fabric. With the application of special dyes and treatments, evocative prints and special textures the wooden floor turn into a soft and transformable surface with an outstanding metamorphosis. Creating a customized environment, friendly with the inhabitant's experience.

Come un tessuto, il legno diventa una superficie da trasformare. Ed è grazie a speciali tinture e trattamenti, suggestive stampe e textures uniche che il pavimento in legno si trasforma, stupefacente metamorfosi, creando un ambiente personalizzato a misura del vissuto di chi lo abita.

TECHNICAL **FEATURES**

INFORMAZIONI **TECNICHE**

TECHNICAL FEATURES

**2 LAYERS PRE-FINISHED
2 STRATI PREFINITO**

It consists of a hardwood top layer and a supporting bottom birch plywood multilayer made of a very particular structure with cross layers which guarantees maximum stability to this products.

Composto da uno strato superiore di legno nobile e da uno strato di supporto inferiore in multistrato di betulla costituita da una particolare struttura a strati incrociati che garantiscono la massima stabilità di questo prodotto.

**3 LAYERS PRE-FINISHED
3 STRATI PREFINITO**

Composed by a top layer of 4mm of noble wood, of a 8 mm Fir cross middle layer, running in the opposite direction of the top layer grain, granting an appropriate structural flexibility and a 2 mm fir-wood counterbalancing layer in order to counterbalance the wide planks and give them the maximum structural stability.

Composto da uno strato superiore di legno nobile di 4 mm di spessore, da uno strato intermedio composto da listelli indipendenti di abete di 8 mm di spessore, disposti in senso trasversale rispetto all'andamento delle fibre dello strato nobile in modo da garantire la giusta flessibilità strutturale, e da una controbilanciatura in plancia di legno di abete di 2 mm a cui è demandato il compito di controbilanciare e garantire la massima stabilità delle tavole.

**PATTERN FLOORS
QUADROTTE**

500x500 mm laser cut consists of a 4 mm oak hardwood top layer varnished with a water based, acrylic or uv acrylic lacquerand a 9 mm birch plywood made of a very particular structure with 7 cross layer which guarantee maximum stability to this product. Bevelled, with tounge and groove joint.

Quadrotte 500x500mm è una quadrotta a taglio laser composta da 2 strati che si caratterizza per la seguente composizione: uno strato superiore di rovere pregiato di 4 mm di spessore, finito in superficie con vernice acrilica, acrilica UV o all'acqua. Uno strato di supporto inferiore in multistrato di betulla di 9 mm di spessore costituita da una particolare struttura di 7 strati incrociati che garantiscono la massima stabilità di questo prodotto. Bisellato, con incastro maschio-femmina.

**IWOOD VENEER OAK
IWOOD TRANCIATO DI ROVERE**

The planks are made of a 0.6 mm veneer wood of the finest oak, a cross-laminated birch plywood backing and a counterbalancing part made of veneer wood (0.6 mm) that guarantees maximum stability. High-precision joints guarantee flatness.

Le tavole sono costituite da un tranciato di 0,6 decimi in legno nobile di primissima scelta di rovere, un supporto in betulla multistrato a strati incrociati e da una parte controbilanciante in legno (0,6 decimi) che garantisce la massima stabilità. Incastri ad alta precisione garantiscono la planarità.
